

AMIS Skin Elements Facials with Herbelia

The Innovative Herbelia system innovates on the skin-friendly lipidomics that together with the high concentration of the active ingredients plump, moisturise and sooth all skin types for sensational results from the first treatment.

From the formulation of the cosmetics, to the choice of active ingredients, to the application by trained therapists using a patented Handology system, these professional facial protocols are global because they can be specifically customized based on any skin analysis. 100% vegan & cruelty free.

	Price	Duration
Skin Elements – Brightening	€ 80	75 mins
The skin friendly lipid uses a pulling oil to make way for the pure and highly concentrated Land Serum . This serum activates arbutin and vitamin C to lighten hyperpigmentation and prevent the further formation of dark spots. The aesthetician mixes all the actives to create a bespoke and highly effective formulation with a perfect balance to enhance the required result.		
Skin Elements – Anti Ageing	€ 80	75 mins
The skin friendly lipid uses a pulling oil to make way for the pure and highly concentrated Air Serum . This serum activates the high antioxidant power of Vitamin E, Niacinamide & Superoxide Dismutase Enzymes to prevent skin aging. The aesthetician mixes all the actives to create a bespoke and highly effective formulation with a perfect balance to enhance the required result.		
Skin Elements – Sensitivity & Redness	€ 80	75 mins
The skin friendly lipid uses a pulling oil to make way for the pure and highly concentrated Fire Serum . This serum activates the properties of Aloe, Glycyrrhetic Acid and Bisabolol to sooth and reduce the redness of sensitive skins. The aesthetician mixes all the actives to create a bespoke and highly effective formulation with a perfect balance to enhance the required result.		
Skin Elements – Hydrating	€ 80	75 mins
The skin friendly lipid uses a pulling oil to make way for the pure and highly concentrated Water Serum . This serum activates the properties of low molecular weight Hyaluronic Acid to penetrate deeply and plump the tissue. The aesthetician mixes all the actives to create a bespoke and highly effective formulation with a perfect balance to enhance the required result.		
Skin Elements Facial Programme	€ 360	6 x 75 mins
Unveil radiant and rejuvenated skin with our premium facial package, for the irresistible combined price of €360 (instead of €470). Consists of six 75-minute facial sessions targeted specifically towards your skin concerns, expertly selected based on your skin's unique needs, leaving you with visibly revitalized skin. The journey starts with a Deep Cleansing Facial, followed with 6 facials from the Herbelia range enriched with lipidomics and a high concentration of active ingredients, to guarantee results even from the first application.		
<i>T&C: Programme must be utilized within 6 months from first session to maximize its benefits. Convenient payment plan with four easy installments. Cannot be used in conjunction with any other offer or loyalty scheme.</i>		

Facial Treatments Add-ons

Facial add-on : Firming & Rejuvenating Eye Contour	€ 25	+15 mins
